SAFETY SHOWCASE

APRIL 3, 2019

The conference kicks off with the high energy safety showcase. Organizations from around the world display safety results and process successes in this dynamic exhibition. You'll have the opportunity to network, share best practices, and be a part of the global safety community.

Meet with veteran facilitators, the Safety in Action steering committee members, and senior leaders at this once-a-year event!

Meet the people who are changing safety as we know it and making injury-free workplaces a reality.

Don't miss this chance to discover new ideas and make new friends in 2019!

Welcome Reception starts at 3:00 PM with refreshments as you network and learn from peers.

LEADERSHIP SUMMIT

FOR LEADERS SHAPING THE FUTURE OF SAFETY AT WORK

APRIL 3, 2019

The Leadership Summit is a unique one-day event where leaders passionate about safety gather to share challenges, network with peers, and develop actionable ideas around key safety issues.

Re-write your organization's safety story by attending this thought provoking summit. Through discussion, hands-on activities, and real-world experience, insight meets experience and understanding inspires action. You and your peers will explore one of today's most critical safety issues— Human Performance Reliability and emerge with renewed purpose. An emphasis on both the strategic and personal aspects of leading safety make the Leadership Summit the only safety event of its kind.

To learn more visit: www.safetyinaction.com/leadership-summit

TOPIC IN FOCUS:
HUMAN PERFORMANCE RELIABILITY
